Use table above to calculate charges. UPS shipments to rural delivery location add $1.25 per package. Shipments to Alaska, Hawaii, Puerto Rico, U.S. Territories/possessions and areas outside the continental U.S. will be billed actual freight charges. International customers are responsible for applicable import duties, taxes and fees in addition to freight. We recommend UPS 2-day service, as parcel post shipments are not traceable. Orders shipped Next Day Service, Second Day Service or order value over $2,000.01 are billed actual UPS or motor carrier charges. Orders exceeding UPS weight and/or size limits are shipped by motor carrier and will be billed actual freight charges. Orders under $25.00 will incur a $5.00 small order fee.
